Thanks Betsy. I can't access the one drive from my phone. Can you send it outside of the one drive?

Deb Thomas  
EPA R8  
Deputy RA

Hi Deb...Here is EPA's lead opportunities paper. As you will see, much of what we identified overlaps with areas that are already being focused on through the SF Taskforce. We seem to have a growing list of priorities in SF, so it may be good that some of these efforts overlap from a resource perspective. We can then tailor the communication for the objective we are trying to meet.

This is very different than what Darcy provided, so if we missed the mark and we need to go back to the drawing board let me know.

Have a nice weekend.  
Betsy
